Headteacher: Mr C Newstead

Dear Parents

As we come to the end of another school year, a school year like none we have ever experienced before, I ask you to join me in thanking Mr Newstead for all he has done for your children and for the hundreds of others who he has guided in their formative years throughout his career.

In his 17 years as headteacher he has led with a generous, caring spirit and has always put the children's safety and needs in the forefront of all his decisions. If you had the good fortune to know Mr Newstead personally you would first see the warm-hearted family man who strives to offer all in his care the love and support to achieve their best but also his good sense of humour - we will all miss his bad dad jokes.

As a staff we are grateful for his hard work and leadership throughout the years. He has achieved a culture where our children leave the school ready for the next stages of their lives and fondly remember the time spent with their St Joseph's family. Our children are recognised by all for their polite, hard-working attitude that they carry forever with them.

The staff would like to wish him well in his retirement and know he will fill them with long bike rides, fun and laughter with his family and special time with his parents.

Although he will be greatly missed, he will never be forgotten by his St Joseph's family.

Goodbye and God bless Mr Newstead.

From all your staff.
